FILE HEADING.

Amendment of Rule 35 of the Lockup Rules by the addition of the words "or a literate daffadar" in the 3rd line to enable Medical Officers in charge of Lockups to secure the services of a literate daffadar to attend to clerical duties of Lockups when Compounders are unable to attend to such duties.

BRIEF ABSTRACT OF LETTER.

States that at present such a provision is made only in the case of Civil Officers being in charge of lockups and that as Medical Officers have no literate-est except the Compounders, who are unable to attend to lockups work, they are entitled to the services of a literate daffadar more than Civil Officers.

NOTES AND ORDERS.

It is not clear how the mere addition of "or a literate Daffadar" in line 3 of the Rules will secure the services of a literate man other than the Compounder to assist Medical Officers in clerical work of a Lockup. When the Lockup is in charge of an

an Amildar, a Dy Amildar, Taluk Shirastdar or a Sub Registrar one of the Gumastas or a literate daffedar out of the staff of any of these officers who may be in charge of the lockup will, under the rules, attend to the clerical duties of the lockup. If the proposed amendment does not involve the possibility of the appointment of an additional literate daffedar outside the staff allowed to a Medical officer there may not be any difficulty in arranging that one of the Medical officer's staff (other than the Compounder) should be a literate man. Or if under the present system it is usual for the Dt Magte to depute one of his servants for lockup duty under the Medical officer then the question will simply reduce itself to giving the Medical officer the services of a literate man instead of an illiterate one. These points have to be cleared before passing orders on the proposal.

force in the contention of the Dy. Inspr. of Police many Taluq Hd Quarters the Compounders of Dispensaries are not literate (in Kannada), and it is therefore only reasonable that the Police Duffedar deputed for Lockup work should be made to do the clerical work also. Otherwise the Medical Officer will have to do it himself.

4 The amendment suggested by the Dy. may be adopted. The Dt Magts may be instructed to send a literate Duffedar for Lockup work in places where the Hospital Compounder is illiterate. It does not seem necessary to consult the Dt Magts & the Dy. of Police.

Copies of letters nos 641 and 462 of and dated the 13th Aug. & the 7th Oct 1909 from the Dt Magte of the Mysore and the Kadur Dt wherein the hesitation on the part of these Dt Magtes to depute a literate policeman for the clerical duties of a lockup in charge of a medical officer are manifested. The chief objections raised by the Dt Magte of Mysore are as that the question of the disciplinary control over lockup guards is under the consideration of the Govt and that no literate Constables had been deputed for clerical work of the Nanjangud lockup when that lockup was under the charge of the predecessors in office of the present Sub Asst Surgeon of Nanjangud. The Dt Magte of Kadur states that the lockup at Kundegan does not invariably require the services of

He suggests that Govt orders may be obtained for the entertainment of an official solely for clerical duties of lockups which are in charge of medical offic and which have no special establishment provided for them.

13 (3) The I. G. Prisons did not say in the 'letter under report' that the Compounders were illiterate but he said that they were the only literate ~~Compounders~~ subordinates of Medica officers and they were not only incapable but had pressed for time to do the clerical duties of a lockup. Sir,

Rule 35 of the Lock-up Rules as amended in Government Order No.12518/J.1343 dated 4th April 1898 (copy herewith sent for ready reference) prescribes that the clerical work of a Taluk Lock-up in charge of a Medical Officer of and above the rank of a Sub Assistant Surgeon should be performed by one of his subordinates. Now it has recently happened that Compounders who are the only literate subordinates in such instances are not only incapable but hard-pressed for time to do such clerical work. District Magistrates hesitate to depute a literate Dafadar who could, in addition to his executive duties, perform clerical work also, on the ground that the provision "or a literate Dafadar" in the 5th line of the rule is intended only to meet the case of a Lock-up in charge of Civil officers such as Amildars, Deputy Amildars, Sheristedars and Sub-Registrars.

2. The latter officers have generally large establishments of their own and it is very rarely that they will be under the necessity of a literate Dafadar's services and so I think Medical Officers who, in general, have only limited and almost illiterate establishments have a better title to such help. I have therefore the honor to request that you will be so good as to obtain early sanction of Government to the addition of words "or a literate

Sir,

In reply to your D.O. No.J.1972/Pris.38-09 dated the 20th January 1910 and subsequent reminder thereon No.J.2473 dated 23rd instant, I have the honor to forward herewith copies of letters Nos. 641 and 462 dated the 13th August 1908 and 7th October 1909 from the District Magistrates of Mysore and Kadur respectively from which it can be seen that some District Office especially the latter hesitate to afford clerical aid to Medical Officers in charge of Lock-ups by deputing a literate Policeman.

2. I also enclose herewith a copy of the statement (furnished to me by the Senior Surgeon) showing the Lock-ups in charge of Medical Officers with information as to the literacy of compounders under them.

Letter No.462 dated the 7/8th October 1909 from K.R.Srinivasa Iyengar Esqr., M.A., District Magistrate, Kadur District; to Lt.-Colonel J.Smyth M.D., I.M.S., Inspector-General of Prisons in Mysore.

---

With reference to your letter No.1385/30-08 of the 22nd ultimo, stating that I have, in any case, to depute a Dafadar and a number of constables for guarding the Mudgere Lock-up, and requesting me, while doing so, to select a literate Dafadar who could, in addition to his disciplinary duties, also do the clerical work of the said Lock-up, I have the honor to state that as at Mudgere there will generally be very few prisoners and that too only on rare occasions, there is and will be no occasion to depute a Dafadar for guarding the said Lock-up. I am therefore unable to depute a Dafadar solely to do the clerical work of the Lock-up; the more so, as, if I do so, it will be open to objection on the part of the Inspector-General General of Police.

2. While I am quite willing to give every help to the Sub Assistant Surgeon for attending to the clerical work of the Lock-up as occasion arises, I think that in the interest of the smooth working of all Departments and to prevent friction among them by the same official being placed in subordination of two officers of different Departments, it is desirable to obtain the definite orders of Government in the matter of the entertainment of an official solely for the clerical work of Lock-ups which are in charge of Medical Officers and which have no special establishment provided for them. I therefore request that you will address Government in the matter if you deem proper to do so.

In forwarding herewith correspondence ending with No.66 dated 23rd July 1908 from the Superintendent of Police, Mysore, I have the honor to state that the Sub Assistant Surgeon, Nanjangud, has not taken over the charge of the Lock-up there till now though he took charge of his Medical duty in February last. He says in his letter No.269 dated 2-5-08 that without the help of a literate constable it would be impracticable for him to be in charge of the Lock-up in addition to his Hospital duty, and so he requests that one of the literate constables may be deputed to work under him and to be under his control. The matter of disciplinary powers to the Lock-up Officers and of detaining a certain number of Police constables for Lock-up duties for a definite period is under the consideration of Government. Both the Amildar and the Superintendent of Police have no objection to giving necessary help to the Lock-up Officer in the discharge of the clerical work of the Lock-up. It is reported that no literate constable had been given to the Honorary Assistant Surgeon when he was in charge of the Lock-up at Nanjangud for more than two years. As the request of the present Sub Assistant Surgeon, though reasonable is a new one, I solicit your instructions in the matter.
